Winter 2008

Pets Are Inn® Guidelines and Policies

- Lodging and transportation rates are subject to change without notice.
- A deposit is required during peak season, for new clients and for existing clients with a new pet.
- Reservations are taken on a first come, first serve basis. It is to your advantage to book early.
- Pets (both cats and dogs) must be on a topical flea preventative to be administered prior to lodging. (Required during flea season; check the office when making your reservation.)
- Changes in reservations with less than three (3) business days notice will be assessed a \$10 administrative charge. This includes time restrictions. Changes and/or new reservations with less than 24-hour notice will be assessed a \$25 charge.
- Medication instructions must be in writing and meds are to be clearly identified. Instructions for the easiest method of administering are greatly appreciated.

Chocolate Can Be Very Dangerous to Pets

Valentine's Day is right around the corner and we must be diligent about those noses that can smell chocolate in a beautifully wrapped box or sitting on the table. When affected by an overdose of chocolate, a dog can become excited and hyperactive. Due to the diuretic effect, it may pass large volumes of urine and it will be unusually thirsty. Vomiting and diarrhea are also common. The effect of Theo bromine on the heart is the most dangerous effect. Theo bromine will either increase the dog's heart rate or may cause the heart to beat irregularly. Death is quite possible, especially with exercise. After their pet has eaten a large quantity of chocolate, many pet owners assume their pet is unaffected. However, the signs of sickness may not be seen for several hours, with death following within twenty-four hours.

Cocoa powder and cooking chocolate are the most toxic forms. A 20 -pound dog can be seriously affected if it eats a quarter of a 250gm packet of cocoa

powder or half of a 250gm block of cooking chocolate.

These forms of chocolate contain ten times more Theo bromine than milk chocolate. Thus, a chocolate mud cake could be a real health risk for a small dog. Even licking a substantial part of the chocolate icing from a cake can make a dog sick.

Semi-sweet chocolate and dark chocolate are the next most dangerous forms, with milk chocolate being the least dangerous. A dog needs to eat more than a 250gm block of milk chocolate to be affected. Obviously, the smaller the dog, the less it needs to eat. If your dog should eat chocolate, contact your vet quickly. You may need to get the pet to regurgitate the chocolate and be seen by the vet as quickly as possible.

Max's Helpful Hint

I'm happy to follow my owner through the door, but some of my doggie friends think they have higher status with their family and will

barge past their owners trying to be first out the door or into a room. Small contests like this go

Dog Shows

The grand daddy of dog shows, the Westminster Kennel Club, is held at Madison Square Garden in New York City. The finals will be televised on the USA TV channel on February 11th & 12th. The show will have about 2500 dogs in 169 breeds and varieties with Best In Show being selected on Tuesday evening.

There will be four new breeds in this year's show: Plott (Hound group), Tibetan Mastiff (working group), Swedish Vallhund (herding group) and Beauceron (herding group).

Winter Vacations

Getting away for the sunnier weather or for Spring Break?

Peak Season begins February 14th and will continue thru April 10th. There is a \$50 non-refundable deposit for each pet's reservation during this time-frame. Peak season cancellation policy will be in effect.

Fleas

Spring and fall are the worst times for fleas so PLEASE treat your pet with a topical preventative prior to your reservation. This treatment will ensure that your pet will not pick up these pesky bugs when it is being walked or playing in the yard.

Squirrels, rabbits and birds can be carriers of fleas and cleanliness has nothing to do with your pet being a victim of fleas.

PET RULES

To be posted VERY LOW on the refrigerator door — nose height.

Dear Dogs and Cats,

The dishes with the paw print are yours and contain your food. The other dishes are mine and contain my food. Please note, placing a paw print in the middle of my plate and food does not stake a claim for it becoming your food and dish, nor do I find that aesthetically pleasing in the slightest.

The stairway was not designed by NASCAR and is not a racetrack. Beating me to the bottom is not the object. Tripping me doesn't help because I fall faster than you can run.

I cannot buy anything bigger than a king sized bed. I am very sorry about this. Do not think I will continue sleeping on the couch to ensure your comfort. Dogs and cats can actually curl up in a ball when they sleep. It is not necessary to sleep perpendicular to each other stretched out to the fullest extent possible. I also know that sticking tails straight out and having tongues hanging out the other end to maximize space is nothing but sarcasm.

For the last time, there is not a secret exit from the bathroom. If by

some miracle I beat you there and manage to get the door shut, it is not necessary to claw, whine, meow and try to turn the knob, or get your paw under the edge and try to pull the door open. I must exit through the same door I entered. Also, I have been using the bathroom for years — canine and feline attendance is not mandatory.

The proper order is kiss me, then go smell the other dog or cat's butt. I cannot stress this enough!

To pacify you, my dear pets, I have posted the following message on our front door:

To All Non-Pet Owners Who Visit & Like to Complain About Our Pets

1. They live here. You don't.
2. If you don't want their hair on your clothes, stay off the furniture.
(That's why they call it "fur"niture.)
3. I like my pets a lot better than I like most people.
4. To you, it's an animal; to me, he/she is an adopted son/daughter who is short, hairy, walks on all fours and doesn't speak clearly.

Max *continued from page 1*

unnoticed by most 2-legged family members who have more important things to think about, but to an alpha dog this is an indication that they should be in charge. If you have a pet like this, you should work with it so it understands that you are the leader of the pack.

Featured Pet

Three's Company

Whose says you can only board one pet with Pets Are Inn! What could be more fun and sometimes challenging than having 12 little paws, six doe eyes, and three beautiful coats of fur

flying around your house? These Shelties live with their family mom, Judith, in the Minneapolis area, and occasionally board with Pets Are Inn host families when on vacation. Asti (front), the oldest at 12, loves to play big sister to brother Trip, 3, and Naughty, 4, who tends to live up to her name.

Spring Break

Make your reservation now for your get-a-way. Most of the schools have the first week of April off.

New Customer Referral

Thank you for telling your friends and neighbors about our service. It is truly appreciated. About 40% of our new business is from referrals, whether it is clients, vets, groomers and friends.

If a new client uses Pets Are Inn and mentions your name we will send you a referral coupon which can be applied to your pet's next stay.

Wanna be a Host Family?

Pets Are Inn is always looking for families who love animals to keep pets for us. As our business grows, so does the need for qualified families. If you or someone you know would like the company of another pet and would like a little extra money, please give us a call.

Mark Your Calendar

Reservation/Cancellation Policies

Non-Peak Reservations:

New customers and new pets (existing customer) will automatically forfeit their \$50 deposit per pet. Notification three business days or less of scheduled pickup results in a charge of 50% of the total reservation charge.

Peak Time Reservations:

There is a \$50.00 per pet non-refundable deposit for each reservation during peak times. You will lose your deposit if you cancel. If the reservation is cancelled three business days or less of scheduled pickup, 100% of the total reservation cost will be assessed. Please check "Mark Your Calendar" (at left) for peak times.

Changes in Reservations:

There is a \$10 administration charge if changes are made three business days or less from scheduled pickup or drop off. This also pertains to last minute time restrictions. If someone is not home when we pick up or drop off, or if we have to come back, an additional charge will be assessed. A change with less than 24 hours notice will be assessed a \$25.00 charge.

This includes time restrictions placed on the pickup or drop-off.
